

The Box™

Delivering portable power when and where you need it.

Built to withstand the heavy abuse typical of construction sites, entertainment venues, traveling events, and, really, anywhere that requires frequent setup and breakdown, The Box™ Temporary Power Distribution Center is designed to deliver portable power when and where you need it.

Features that stand above the competition...

- 1 UL & CSA Listed
- 2 Weather proof flip lids prevent nuisance tripping by blocking moisture
- 3 Legs feature center bridge for additional structural stability and ground support
- 4 Circuit breakers are unobstructed for easy access
- 5 Safety information permanently and clearly marked to help mitigate potential violations
