

Cable Assemblies

STAGE PIN ASSEMBLIES

Power Assemblies' PowerTEK™ stage pin extensions come in 20, 60, & 100A. Standard configurations include 125 & 250 Volt extensions.

KEY FEATURES & BENEFITS

Male pins and female contacts have a one-piece solid brass design for superior current flow and resistance from abuse

Male pins and female contacts float to ensure compatibility with all competitive products and improved electrical connections

Slit in male pin provides spring action to compensate for wear

60 and 100 Amp versions have rugged phenolic housings for superior high temperature performance

60 and 100 Amp plugs and connectors have a contoured edge for easy handling

Extended ground pin ensures mates first and breaks last operation

20, 60, and 100 Amp assemblies are constructed with "hard use" rubber cabling for excellent flexibility and resistance to wear and tear
