

CAM LOCK CONNECTION BOXES

Enclosed, Series 16, Panel Mount Connectors

OVERVIEW

Power Assemblies has developed a line of Cam Lock Connection Boxes. These Cam Lock Connection Boxes provide the ease and speed of industry-standard Series 16 CAM connectors. You can use them to install CAM connections on a generator that doesn't have CAM connectors, use them to connect to switchgear or switchboards without having to open up the switchgear, or use them to provide generator connections to commercial buildings. Now you can have this type of quick connection system in a wide range of applications.

Features and Benefits

Clear snap back covers or caps & lanyards

ANSI-61 gray powder coated 0.075 carbon steel for long life and corrosion resistance

Industry Standard Series 16 color-coded camlock connections match typical portable generator standards

UL 50 listed enclosure

Flexible Design allows for 400 and 800 amp configurations

NEMA 3R enclosure with foam gasket and recessed hinge suitable for wind-driven rain applications

Industries and Applications

GENERATOR CONNECTIONS

LOAD BANK TESTING CONNECTIONS

SWITCHGEAR CONNECTIONS
